

Our slimmest presence detector. Now even smaller in concealed box format. IR Quattro SLIM XS

Due to popular demand. The extra slim IR Quattro SLIM XS presence detector virtually disappears in the wall or ceiling. Thanks to the new and practical concealed box format it forms a remarkably unobtrusive symbiosis with the home environment and can now be installed in any standard concealed box. In short: our slimmest presence detector would seem to be pretending it wasn't even there - and yet is absolutely present when it matters.

Only retina lens of
its kind in the world.

Fits in any concealed
box. Overall height
of just 6 mm.

High-precision 360°
infrared sensor with
16 sqm. square pre-
sence detection zone.

Setting only via
remote control
or Smart Remote
